SC DPH EMS Section

Re: South Carolina CEU Award Letter  
**South Carolina Fire Rescue Conference**  
June 10-13th

The Division of EMS and Trauma of the South Carolina Department of Health and Environmental Control is pleased to inform you the above-mentioned training has been approved for the following Continued Education Units (CEUs) based on NREMT's 2025 NCCR Standards. Please see the attached hours assigned.

**Please note, no individual may exceed 18.0 hours of Individual, State, or Local hours for NREMT Re-certification.**

This training is approved for all levels of certified emergency medical technicians. As the CEU provider, you must be able to provide documentation to participating prehospital providers of the credit awarded, at the request of the participant, for a minimum of thirty-six (36) months after completion of each activity. When an approved CEU provider issues a certificate, transcript, or other means of documentation, it must reflect the actual number of credits claimed by the participant and not just automatically record the designated maximum credits for the activity. If the instructor qualifications or course content changes after Department approval, you must submit a new application for CEU approval.

The assigned DPH Identification for your training is **2026\_SCFRC\_SCDPH**. It is your responsibility to ensure the assigned identification appears on all corresponding credit(s) awarded.

Should you have any additional questions, please contact the Department.

Respectfully,

*David Cary*
